

# MISS RUBY'S KIDS

## 2014 Annual Report

We have all heard the old adage "It takes a village to raise a child." Miss Ruby's Kids is in its twelfth year as an integral part of the "village" that helps raise our children. The community that comes together to support our children's success includes the parents, Miss Ruby's Kids Home Visitors & mentors, teachers, volunteers, our donors, and many others. The nurturing environment we provide benefits the children and the whole community.

Parents of the young children we serve through the Parent-Child Home Program appreciate having a Home Visitor support them in learning different parenting strategies. The Home Visitors' main goal is to be able to step back and let the parents take over the visits during their twice weekly sessions. Mentees are grateful to have a special volunteers come to see them once a week in school and who promise to walk beside them "every step of the way" of their school journey. Parents of the mentees treasure a larger support system for their children and they team up with mentors to be their child's "biggest cheerleaders."

Principals in the schools where mentors serve appreciate the impact the volunteers have on the students and the School Board Chair, Jim Dumm, said that MRK is a "win-win" for the Georgetown County School District.

All of us form a terrific team that lifts and carries our community's most vulnerable and valuable asset - its children to a lifetime of success.

The viability of Miss Ruby's Kids hinges on the respect, support, and trust of this community. We invite your investment in our continued work in the community. Your generosity has brought us such a great distance since 2003 - will you continue to help our organization serve children through our programs? We are strong because of your support - we are looking to the future - your help plays a big part in our ability to make a difference in their lives.
